All-American Football Academy is where today's football players become the **next generation's champions**.

All-American Football Academy's (AAFA) mission is to provide a year-round developmental football program that **provides players aged 7 to 18 with on-field training and off-field preparation**.

We offer players the opportunity to **work in small groups or 1-on-1**, which allows them to receive personal instruction needed to improve their position-specific skills. Our training programs are **customized** to fit the skills that your player or Team is looking to develop.

AAFA has assembled many of the area's premier coaches on both the offensive and defensive side of the ball who will not only **improve a players' skills and development, but will guide them to become future leaders**.

This program is coached in an environment filled with **positive reinforcement, energy & excitement!**
